Attestation

EU REACH Regulation

Emission of formaldehyde from furniture and wood-based articles

On the 29th of June 2026, Eurofins Product Testing A/S received a sample of a wood-based panel with the product name:

Viroc

supplied by

VIROC PORTUGAL SA - INDUSTRIAS DE MADEIRA E CIMENTO,S.A.

The emissions were tested according to the Commission Regulation (EU) 2023/1464 of 14 July 2023 amending Annex XVII to Regulation (EC) No 1907/2006 of the European Parliament and of the Council as regards formaldehyde and formaldehyde releasers.

The sample was supplied as being representative of the manufactured product. See test report no. 392-2026-00351001_A_EN for specific test data.

The emission result from the tested sample indicate that the product complies with the requirements of the REACH Regulation regarding to emission of formaldehyde.

Evaluation of the emission test result according to REACH:

- The concentration of formaldehyde after 28 days was in compliance with the limit of ≤ 0.062 mg/m³.
